1. GENERAL INFORMATION

1.1 Please indicate the modules below that you wish to include in this solution.

- ☐ *Treasury Module (Collection)*
- ☐ *Business Permit and Licensing*
- ☐ *Real Property Assessment*
- ☐ *Land Tax*

1.2 Do you have an existing system currently in use? If yes, please indicate the vendor/provider or specify 'in-house' when appropriate, and state the number of years it has been operational.

Module	System Provider	No. of Years in use	Currently in use?
Treasury Module (Collection)			
Business Permit and Licensing			
Real Property Assessment			
Land Tax			

RAMESES
Rameses Systems Inc
Ground floor, Unit 105, Mahogany Place
Pope John Paul II Ave., Mabolo, Cebu City
(032) 231 - 3230
www.etracs.org

1.3 How many users are expected to use the system that do not have existing workstations/printers in place? This is to establish the workstations that need to be added. Please respond only with respect to the modules selected in Item 1.1.

	No. of Users	Without Workstation	Without printer
Treasury			
Accountable Form Officer			
Treasury Admin/IT			
Over the counter Collector			
Field Collector			
Liquidating Officer			
Cashier			
Treasurer			
Business Permit and Licensing			
BPLO Staff			
Approver			
Assessor's Office			
Receiver			
Tax Mapper			
Appraiser			
Recommender			
Approver			
Record			
Releasing			
Land Tax Division			
Land Tax Staff			
Collector (Exclusive for land tax collection)

www.etracs.org

1.4 Please indicate the projected number of transactions, focusing solely on the modules selected in Item 1.1

Treasury Module (No. of all cash receipts issued per month except AF 56). _____

Business Permit and Licensing (Total number of active business) _____

Real Property Assessment (Total number of RPUs) _____

Land Tax (No. of AF 56 cash receipts issued per month) _____

1.5 Please select the type of queuing system you would like to incorporate into the solution.

- ○ None
- ○ Basic Queueing (Priority Ticket No Only)
- ○ Transactional Kiosk

  Please specify no. of units:_____

2. NETWORK TOPOLOGY

(answer only the following if there is a local area network in place)

2.1 What is the size of your organization utilizing this network, including the number of employees, departments, and locations? (Please select the appropriate option only.)

- ○ Small (5 to 50users)
- ○ Medium (50 to 500 users)
- ○ Large (500 to 1000 users)

2.2 What is the primary purpose of your network infrastructure? (Check all that apply)

- ☐ Data Sharing
- ☐ Internet
- ☐ Communication
- ☐ Remote Access
- ☐ Systems

2.3 For how many years has the current structured cabling/network been in place?

- Less than or equal to 5
- Less than or equal to 10
- Less than or equal to 15
- More than 15

2.4 Could you provide an overview of your network topology (e.g., star, bus, ring)? Respond only if applicable.

- Star
- Bus
- Ring
- Unspecified

2.5 How is the network segmented, if applicable, for different departments or functions?

- Physical
- Virtual

2.6 Are there any plans to expand or reconfigure the network in the near future?

- Yes
- No

www.etracs.org

3. CABLING INFRASTRUCTURE:

3.1 What networking equipment is currently in use? (Check any applicable)

- ☐ Switches
- ☐ Router
- ☐ Firewall
- ☐ Access Points
- ☐ Others

3.2 Are the devices in your network operating at their optimal capacity?

○ Yes ○ No

3.3 How often are networking devices upgraded or replaced?

Please provide the number of years. _____

4. PERFORMANCE AND BANDWIDTH

4.1 On a scale of 1 to 5, with 1 being poor and 5 being excellent, how would you rate the current network performance in terms of speed and reliability?

○ 1 ○ 2 ○ 3 ○ 4 ○ 5

4.2 Have you encountered any issues related to network bandwidth or congestion?

○ Yes ○ No

4.3 What measures are in place to monitor and manage network performance? For example, are there any network monitoring tools installed?

_____

_____

_____

5. DATA CENTER INFRASTRUCTURE

5.1 Could you please provide an overview of the physical infrastructure of the data center, including details such as location, size, and information about power and cooling systems? When submitting this form via email, please include a picture of your current data center along with a sketch of the layout.

5.2 What types of servers and storage solutions are currently in use within the data center? (Check if applicable)

- ☐ Virtualized Environment
- ☐ Precision Cooling system
- ☐ Raised Flooring

5.3 Is there a redundancy plan in place for critical infrastructure components? Please elaborate.

_____

_____

_____

5.4 Are there any plans to integrate cloud backup services with the existing data center infrastructure?

☐ Yes ☐ No

5.5 How is data within the data center protected from unauthorized access and cyber threats?

a) Are there any biometrics in place on the data center room to prevent unauthorized entry to the server room?

☐ Yes ☐ No

☐ Others, please specify.

_____

b.) Is there any dedicated firewall or other security protection for the servers to prevent data loss, malware, phishing, and other forms of breaches on the server files?

☐ Yes ☐ No

5.6 Is there a disaster recovery plan in place, and when was it last tested?

- ○ Yes, specify date.

  _____

- ○ No

6. SCALABILITY AND FUTURE PLANNING

6.1 On a scale of 1 to 5, with 1 indicating the easiest and 5 representing the most difficult, how easily can the current network infrastructure scale to accommodate growth?

○ 1 ○ 2 ○ 3 ○ 4 ○ 5

6.2 Are there any plans to adopt new technologies that may impact the network, such as IoT devices or cloud services?

○ Yes ○ No

6.3 What measures are implemented to future-proof the network infrastructure?

_____

_____

_____

7. IT PERSONNEL

7.1 Please indicate the number of IT Personnel employed. _____

7.2 What is the level of expertise among your IT personnel?

- ☐ Novice
- ☐ Advanced Beginner
- ☐ Competent
- ☐ Expert

7.3 Are there any certifications held by the IT personnel? If so, please indicate.

_____

_____

_____

8. USER FEEDBACK

8.1 Have you received any feedback from users regarding network performance or connectivity issues?

○ Yes ○ No

8.2 Are there any common user complaints related to the network?

_____

_____

_____

8.3 How is user satisfaction with the current network infrastructure assessed?

_____

_____

_____

9. INTERNET CONNECTION

9.1 What is the current internet speed or connection status?

Speed: _____

- ☐ Fiber
- ☐ Wireless
- ☐ Satellite

9.2 Do you have internet backup or redundancy in place?

- ☐ Yes
- ☐ No

9.3 Please indicate the name of the internet provider and the corresponding plan.

- ☐ Globe
- ☐ PLDT
- ☐ Others, please specify internet provider: _____

9.4 Do you have a leased line?

- ☐ Yes
- ☐ No

10. BUDGET AND RESOURCES

10.1 What is the budget allocated for maintaining and upgrading the network infrastructure?

10.2 Are there any resource constraints that impact improvements to the network?

10.3 How are decisions made regarding investments in network technology?

For queries and concerns, you may contact **Rameses Systems Inc**.
